

## BMike Mural Scavenger Hunt

We tried to make all the hints rhyme, but we ran out of time. The words in ALL CAPS will give you a clue, so try hard and do the best you can do!

If you know what neighborhood this mural is near, you're on the right **TRACK**  
There's a **CHICKEN** on Broad St that points around back  
Past the **SOUTHERN REP THEATER**  
You'll find a good **BOOK**  
But only If you make sure to look

## Paul Pogba Mural

This soccer star is at home on a **GREENWAY**,  
Not too far away are **FANS CHEERING**  
On a street **NAMED** for a city in Missouri,  
Or better yet, a "saint" of Jazz  
If you find these two murals,  
I'll be a fan of you!

### “King Bolden’s Band”

That this mural is 3 stories high would make it the biggest building around  
If it wasn't in in such a BUSY PART of TOWN  
The building its on is a real GEM, no wonder its near so many hotels  
The mayor's workplace is just a few steps away  
My clue for the exact street: she was INCLINED to see this ART

### “Survive”

Have you found Buddy Bolden's Band?  
If yes, then you are close to this painting  
And the blue water WRAPS AROUND its building  
All this searching might make one hungry  
Good thing this mural is across from a GROCERY STORE  
Here's a street clue: a BARON is most of the name  
When you've found this mural, you really are thriving at this hunt!

## Trumpet Black

This mural in honor of Travis Hill is under a hill,  
Well, maybe that's exTREME: more like under a highway  
Which is held up by paintings of MUSIC  
The street its on: Where is CLAY BORN?

If you have already found "Trumpet Black",  
you'll find these Marching musicians a bit FURTHER BACK  
on the VERY SAME road  
Speaking of black, that's just how I like my COFFEE  
When you find this mural, you'll be a STAR!

## Graduate Together: Nobody Gonna Take My Crown Royal

This mural is really new  
On a corner of Montegut (pronounced Mon-tay-goo)  
What's the other street? Look to the CROWN  
And don't go too far after you find it,  
look UP and not down,  
you'll see more art by BMike, and when you see THIS one:

Congratulations! You won!
